PROFILE

As a self-taught front-end developer hailing from Nairobi, Kenya, my passion for web development has driven me to accumulate 2 years of valuable experience. With a keen focus on fostering collaborative environments, I consistently strive to bring out the best in my colleagues. Proficient in English and fluent in my native language, Kiswahili, I am presently seeking an opportunity to apply and enhance the practical aspects of front-end web development that I have diligently cultivated.

EXPERIENCE

Freelance web developer.
May 2023 - Present
Currently working on exciting freelance projects with clients globally which is helping me solidify my skills and making me gain valuable experience.
(Skills used HTML, CSS, Javascript, Bootstrap, Sass, React, Redux, and Next).

Web Developer - Apple Express (Nairobi, Kenya).
October 2022 - April 2023
Implemented the layout and functionality of an e-commerce web app. The web app was integrated with Next.js. The customer asked the web application to look like that of Apple and we made it to our best capabilities.
